

DOCUMENTING OUR MINISTRIES

MINISTRY: HOME-DELIVERED MEALS

DATE OF THIS DOCUMENTATION UPDATE: JAN2009

MINISTRY DESCRIPTION:

In this ministry, meals are provided and delivered to the homes of parishioners and their families by St. Michael's volunteers. A variety of circumstances prompts the need for meals. Among them have been births, deaths, hospitalizations, temporary disabilities, chemotherapy and outpatient treatment, and other emergency situations.

Requests for meals come to the ministry coordinators through our clergy. The coordinators arrange details with the recipients and then contact a volunteer who is able to provide a meal on a particular date.

This is a hands-on, personal ministry willingly given and thankfully received, one of both caring for others and being cared for. In 2008, 32 meals were provided to feed approximately 69 people.

We are honored and blessed to co-coordinate this ministry. Please contact one of us if you feel called to participate in this way.
